PRINCIPAL'S

Another milestone in the history of Central High School has been achieved with our acceptance into the ranks of those schools accredited by the North Central Association for Accreditation. The faculty and students at Central are to be congratulated for a job well done. We've come a long way since 1911 when ten brave and ambitious students entered the 9th grade and Central High School was established.

We cannot now stop and rest on our laurels, but must all work toward continued improvement in preparing for tomorrow.

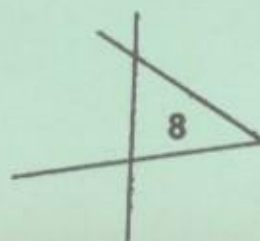

Our school is what we make it, and we are aiming for the best. In this effort we must all take part. For as Andrew Carnegie once said, "You cannot push a person up a ladder unless he is willing to climb a little himself."

Thank you,

Charles T. Chavies
